Boyer Nurseries’ is a five generation family business that has been associated with the fruit industry since 1900, when our founder, W.W. Boyer began to propagate and sell bareroot fruit trees to local customers. Nestled in the heart of orchard country against the backdrop of scenic South Mountain - we maintain 500 acres of fruit orchards, a nursery, garden center, farm market, u-pick operation, and a more recent expansion into landscape design and installation. Our family keeps an eye on ecology by utilizing approved conservation practices; not only in preserving the soil and environment, but in limiting sprawl. We’re located only 8 miles from historic Gettysburg, PA and welcome your visit!

What Boyer’s Has To Offer...

AND MUCH MORE

First I would like to say that hands down everyone here is absolutely the example of professionalism and excellence. I frequent buyers and always say that I don’t spend enough time there. The food and things they sell are top notch. The fruit trees and bushes and flowers are absolutely fantastic. The customer service is outstanding. I cannot say enough about the folks here. Thank you for all your help and I will absolutely be back soon.

Richard Danley Jr
Facebook ★★★★★ Review
What is Bareroot?

Bareroot trees and shrubs are ones which have been harvested when dormant and sold without soil around the roots. There are many advantages to buying bareroot products, some of which are: price, diversity of material, ease of transporting and planting.

The same guarantee applies as with container or balled plants. Another major benefit of buying bareroot is that we can ship bareroot trees anywhere in the USA. Please keep in mind the bareroot stock has a limited season from March through May.

SPRING 2019
Terms and Conditions

All items in this brochure are bareroot, dormant plants unless otherwise stated. They are available March, April, and May. Apple and pear trees, flowering crabapples, and flowering pear are available as we can dig, from the end of November through December, weather permitting.

• Prices, Sizes and Availability subject to change without notice!
• Retail customers must make payment on items ordered before shipping. Shipping charges cannot be added until after final package has been weighed. Please keep in mind that most of our trees are between 5-6 feet tall, and as such, incur more of a shipping charge due to oversize box requirements.
• Grower orders, with established credit, will not be confirmed until a 20% payment is received. Your order will then be held for pick-up or shipment. Deposit for confirmation of order must be received within 15 days of acknowledgement of order.
• Wholesale orders, with established credit, will not be confirmed until a 30% payment is received. Your order will then be held for pick-up or shipment. Deposit for confirmation must be received within 15 days of acknowledgement of order.
• Finance charge on all overdue accounts shall be paid at 1.5% per month (18% annually) until balance is paid in full.
• A $30.00 service charge will be placed on all checks returned.
• We do accept Mastercard, Visa, Discover and American Express Credit Cards.
• Picture tag requests must be placed at the time of initial order.
• Orders with paid deposits that are cancelled by the customer will have a $30.00 service charge.
• All Grower orders are subject to a 1% Fruit Tree Improvement Tax. This tax goes to the Pennsylvania Dept. of Agriculture to help fund virus testing certification. PA Sales tax (6%) will be added to all orders shipped within Pennsylvania unless a valid tax exemption form is filed with our office.
• All royalty fees are non-refundable.

OUR GUARANTEE

We guarantee that our nursery stock will arrive in good live planting condition. If on arrival it is not in such condition, return it to us securely packed within five days, and your money will be refunded.

We guarantee that our nursery stock is true to name. If any proves to be untrue to name, and we are so notified during the first fruiting season, we will refill that part of the order without charge, or at our option, refund the part of the purchase price.

We agree to replace once, at half price (excluding boxing and freight charges), nursery stock which dies within one growing season from purchase (March-September), if planted and maintained properly. We are not obligated to replace plant material if loss is due to mechanical injury, weather, insect or disease damage, or lack of or improper use of chemicals. All claims must be accompanied by receipt, and plant material upon request. Under no circumstances shall our responsibility exceed the above conditions. We do not guarantee marginally hardy plants such as: roses, perennials, dogwood, southern magnolia, redbud, crape myrtle, leyland cypress, live Christmas trees or special sale items.

Our liability under the above guarantee shall not be greater than the purchase price.

Shipping/Nursery Pick up Policy

In order to better serve our customers, we have adopted the following policies:

• No changes to shipping/pick up orders 7 days prior to scheduled date.
• Orders that are not picked up or shipping that is canceled after scheduling will incur a 15% restocking fee.
• To facilitate and expedite orders that require shipping, Boyer Nurseries utilizes regional or zonal shipping.
  1. Zones 7-8  Approximate ship dates: 3/1-3/15
  2. Zones 5-6  Approximate ship dates: 3/30- 4/15
  3. Zones 4-5  Approximate ship dates: 4/15-5/1
  4. Zones 2-3  Approximate ship dates: 5/1 –

• Due to phytosanitary regulations, we do not ship plant material out of the country nor to the United Sates of Alaska, California, Hawaii, Oregon, and Washington. Special restrictions apply for shipments into Idaho, Kansas, Montana, North Dakota, New Jersey, and Utah.

Boxing and Handling for Orders Shipped

Exact shipping charges cannot be determined until final package and quantity of boxes is weighed.

Small retail orders under 70 lbs may qualify for flat-rate shipping. Please refer to our website for current pricing and details. The charge for shipping and boxing will be added to the final invoice. This applies to replacement trees as well.
ROYALTY FEES
Royalty fees are charged on many of our patented varieties. Please add the correct fee in all price groups.

POLLINATORS
At least one of the varieties from each type of fruit tree from the list below should be chosen as a pollinator for other varieties, thus making a better crop of fruit.

APPLE
- Grimes Golden
- Jonathan
- Golden Delicious
- McIntosh
- Idared

SWEET CHERRY
- Black Gold
- Ulster
- Hedelfingen
- Lapins (self fruitful)

PEAR
- Clapps Favorite

CRABAPPLE
- Dolgo
- Snowdrift

ASIAN PEAR
- Need two separate varieties to cross-pollinate
- *(cannot use regular pear)

NOTE:
Peach, nectarine and sour cherry are all self fruitful. Blueberries require at least two varieties for pollination. Nut trees require two trees of the same variety to set up a good crop. Japanese plums (J) require Japanese varieties to pollinate. European plums (E) require European varieties to pollinate.

DEER PROBLEMS?
Milorganite® is a useful tool in repelling deer from grazing on fruit trees and ornamental plantings. The odor of Milorganite® (an organic nitrogen fertilizer) keeps deer away. Hang a small bag in each tree, or spread around plantings to deter deer. We sell pre-filled cloth bags for $0.80 each (hang one bag/tree). Or, you may buy in bulk. 36 lb. bags of Milorganite® cost $15.00 each.

SIZE CHART
(approximate sizes)
Caliper of trunk Height
1-1 1/4” 6 ft. & up
3/4”-1” 6 ft.
5/8”-3/4” 5-6 ft.
1/2”-1/2” 4-5 ft.
3/8”-1/2” 3-4 ft.
5/16”-3/8” 2-3 ft.
Established in 2016 in partnership with Matt Cimino, winemaker at Great Shoals Winery - Boyer Cellars sells a variety of red and white wines, hard ciders, and sparkling wines.

The tasting room is located in Boyer Nurseries’ former garden shop and features a chestnut wood tasting bar, as well as a large, brick wrap-around porch with scenic views of the orchard and neighboring farms.

Great Shoals Winery was founded in 2010 and is dedicated to sourcing fruit from local orchards and vineyards to produce its multiple award winning wines and ciders. Though the tasting room in Biglerville is new, Great Shoals has sourced apples, pears, and cherries from Boyer Nurseries for many years.
