DEPARTMENT OF AGRICULTURE

Fall 2008-Spring 2009 Terms and Conditions

All items in this brochure are bareroot, dormant plants unless otherwise stated. They are available March, April, and May. Apple and pear trees, flowering crabapples, and flowering pear are available as we can dig from the end of November through December, weather permitting.

- Prices, Sizes and Availability subject to change without notice!
- Retail customers must make payment on items ordered before shipping. Shipping charges cannot be added until after final package has been weighed.
- Grower orders, with established credit, will be acknowledged until a 20% payment is received toward the order, at which time your order will be confirmed and held for pick-up or shipment. Deposit for confirmation of order must be received within 15 days of acknowledgement of order.
- *Finance charge on all overdue accounts shall be paid at 1.5% per month (18% annually) until balance is paid in full.
- A \$25.00 service charge will be placed on all checks returned.
- We do accept Mastercard, Visa, Discover and American Express Credit Cards.

Guarantee

We guarantee that our nursery stock will arrive in good live planting condition. If on arrival it is not in such condition, return it to us securely packed within five days, and your money will be refunded.

We guarantee that our nursery stock is true to name. If any proves to be untrue to name, and we are so notified during the first fruiting season, we will refill that part of the order without charge, or at our option, refund the part of the purchase price.

We agree to replace once, at half price (excluding boxing and freight charges), nursery stock which dies within one growing season from purchase (March-September), if planted and maintained properly. We are not obligated to replace plant material if loss is due to mechanical injury, weather, insect or disease damage, or lack of or improper use of chemicals. All claims must be accompanied by receipt, and plant material upon request. Under no circumstances shall our responsibility exceed the above conditions. We do not guarantee the following: roses, perennials, dogwood, magnolia, live Christmas trees, or special sale items. Our liability under the above guarantee, shall not be greater than the purchase price.

Shipping/Nursery Pick up Policy

In order to better serve our customers, we have adopted the following policies:

- No changes to shipping/pick up orders 14 days prior to scheduled date. Orders that are not picked up or shipping that is canceled after scheduling will incur a 15% restocking fee.
- To facilitate and expedite orders that require shipping, Boyers will institute regional or zonal shipping.
 1. Zones 7-8 Approximate ship dates: 3/1-3/15
 2. Zones 5-6 Approximate ship dates: 3/30- 4/15
 3. Zones 4-5 Approximate ship dates: 4/15-5/1
 4. Zones 2-3 Approximate ship dates: 5/1 -

PRICE LIST FOR FALL 2008- SPRING 2009 POLLINATORS

At least one of the varieties from each type of fruit tree from the list below should be chosen as a pollinator for other varieties, thus making a better crop of fruit.

APPLE	SWEET CHERRY	PLUM
Grimes Golden	Sam	Shiro - J
Jonathan	Ulster	Stanley - E
Golden Delicious	Hedelfingen	
McIntosh	Stella (self fruitful)	PEAR
Idared	Van	Gorham
Red Rome Beauty	Gold	Clapps Favorite
		Moonglow
CRABAPPLE	ASIAN PEAR	
Indian Summer	Need two separate varieties to cross pollinate	
Dolgo	*(cannot use regular pear)	
Snowdrift		

NOTE: Peach, nectarine and sour cherry are all self fruitful. Blueberries require at least two varieties for pollination. Nut trees require two trees of the same variety to set up a good crop. Japanese plums (J) require Japanese varieties to pollinate. European plums (E) require European varieties to pollinate.

GRADING ABBREVIATIONS

Br.	Branched
Feathered Br.	Young tree with light branches
Bskt.	Basket
B.R.	Bareroot
Whip	Straight single trunk
B&B	Balled & Burlapped
Wpg.	Weeping

Yagumo, semi-dbl., wine red	#1	\$18.30

William Boyer Lower Jr. harvesting trees in the fall.

What is bareroot? Bareroot trees and shrubs are ones which have been harvested when dormant and sold without soil around the roots. There are many advantages to buying bareroot products, some of which are: price, diversity of material, ease of transporting and planting. The same guarantee applies as with container or balled plants. Another major benefit of buying bareroot is that we can ship bareroot trees anywhere in the USA. Please keep in mind the bareroot stock has a limited season from March through May.

David Boyer Lower arranging trees in the tree cellar..
